

Airlift Information from French speaking Europe to BVI

Winter season 2019/2020
Revised: september 2019

Easiest, cheapest and quickest route from French speaking European markets (France, Monaco, Belgium, Luxemburg, Switzerland) is to consider a direct flight from Paris (CDG or ORY airport) or Amsterdam (AMS) to Saint-Martin hub (SXM) followed by a regional flight to Tortola (SXM). The Air France/KLM group offers an efficient code share agreement with Winair. Air Caraïbes also signed a technical and sales agreement with same company.
